AGUINALDO MAKES

An Appeal to Foreign Powers for Recognition of Filipino Independence.

A DOCUMENT HAS BEEN RECEIVED

By all the Foreign Consuls at Manila With a Request that They Forward It to Their Government.

Manila, Aug. 9.—Aguinaldo has appealed to the powers for recognition of "Filipino Independence," in a document dated Tarlac, July 27, and signed by Buencamino. It has been received by all the foreign consuls in Manila with the request that they forward it to their governments. The Filipinos use their old argument that they have conquered the sovereignty of these islands from Spain before signing of the treaty of Paris, and before Spain was in any position to cede them to the United States. They argue that the possession of 7000 Spanish prisoners captured with their arms fighting against the Filipinos "is eloquent proof of the nullity of the Spanish sovereignty, at which they surrendered Spain's hold was irrevocably lost."

The document says: "Replying to the Spanish commissioner's request to release the prisoners because Spain no longer has political interests in the island, we asked for a treaty of peace and friendship between Spain and the Filipinos whereby the prisoners would be released. But the commissioners refused because it would mean recognition of our independence. This is equivalent to saying that the prisoners must stay in our hands indefinitely because their possession is our most efficacious method to adjust our act with Spain and obtain from her recognition of our independence."

The Filipinos claim that they conquered all the country except Manila and that they co-operated in securing the latter's capitulation by surrounding it at a cost of thousands of lives. They also claim they conquered the country unassisted except for sixty guns that Admiral Dewey gave Aguinaldo and that Admiral Dewey and the British and Belgian consuls recognized the Filipinos' sovereignty by asking for passes to visit the country.

They repeat the claim that they have letters from American consuls and generals recognizing their sovereignty and promising that the Americans would recognize their independence, which were at the disposition of the powers.

The Filipinos attempt to make capital of the statement that Admiral Dewey had such confidence that Aguinaldo would serve and fulfill the rules of war that he gave him 100 Spanish prisoners which the American navy had captured.

Finally the Filipinos appeal to the powers to influence Washington to bring to a termination "the unjust war which is devastating the country."

Havana, Aug. 9.—Gen. Juan Isidor Jimenez, the aspirant to the presidency of Dominica, says that several of the Dominican generals have already declared in his favor, in spite of his advice to them to delay definite action. He denies that the Dominican government has 3700 troops under arms, and asserts that the present executive will not be able to make an effective resistance, owing to the scarcity of resources and sympathizers.

Had a Narrow Escape.

Havana, Aug. 9.—Manzano who was the Spanish inspector of police here during the war, on landing recently upon his return from Spain, was recognized by the son of a Cuban who was sent to the Isle of Pines, the Spanish penal settlement off the south coast of the island, owing to information given by Manzano. A crowd formed rapidly, crying "Lynch him," but the man was rescued by the police. It is said that he and his father were responsible for the execution of twenty Cubans and the banishment of twenty others. Their very names are hated by the people. They had a reputation as forgers of letters intended to incriminate persons possessed of property which the Spanish authorities desired to confiscate.

On Sunday Manzano had another narrow escape from lynching at Guanabacoa and was forced to leave there hurriedly.

The Savannah, Ga., Benevolent association sent \$1000 to the Brazos valley sufferers.

Investigating Committee.

New York, Aug. 9.—Before the Mazet investigating committee Mr. Moss introduced the testimony of Charles F. Dillon, a detective in his employ, to show that from Jan. 1, 1899, to May 15, 1899, 1899 robberies, amounting to \$230,844, were reported, while from March 1, 1897, to Jan. 1, 1899, there were 694 robberies, amounting to \$172,547. Precinct records were read showing a large increase of crime in the latter district.

Mormons Having Trouble.

Louisville, Ky., Aug. 8.—Outrages upon Mormon elders in Kentucky and Tennessee have been carried on with such impunity that President Ben E. Rich of the Southern Mormon society, with headquarters at Chattanooga, left last night for Frankfort, Ky., to consult with Gov. Bradley and bring these outrages to his attention. He will ask for protection for the elders, the same as afforded to all other citizens.

The Mormons who are conducting a revival campaign in the south are greatly stirred up over the assault upon four elders in this state. In Carter county a mob of fifty men took out Elders Turman and Snow, and were on the point of hanging them, when Turman pleaded to be given a hearing. This request was granted.

Turman declared he was a Kentuckian by birth, and begged the mob not to mistreat or take the life of a native of their own state.

Whether or not the mob was moved by this entreaty, both the elders were turned loose with the admonition that they must get out of the community as fast as horses could carry them.

In Bell county, near the Tennessee line, Elders J. N. Titener and James Miller were harshly treated by a gang of mountaineers. Details from the mountains are very meager, but it is reported that the Mormon elders are having a rough time of it.

In order to avoid trouble, the sheriff of the county has warned the elders to clear out as fast as they can go. This the elders refused to do. They declared they possessed all the rights of American citizenship, and did not propose to surrender them in a free country.

The Rev. Joe Jones, a brother of Sam Jones, is making matters worse by advising the people not to provide the penniless elders with food, and thus starve them out of the town. There is also a movement afoot to arrest the elders on warrants charging them with vagrancy. The opposition is general all over the state.

All over southeastern Kentucky notices have been posted warning Mormons to keep out, and advising those now in the section to leave. Unless this warning is speedily complied with, there will be lynchings without number, for the populace is indignant and determined.

Dawes Commission.

Washington, Aug. 9.—Indian Commissioner Jones has issued final instructions for the guidance of the Dawes commission in enrolling the citizens of the five civilized tribes. The instructions are explicit, particularly with reference to the Mississippi Choctaws and their descendants, who removed from Mississippi and settled on the Choctaw and Chickasaw lands prior to the completion of the rolls. All testimony relating to the identification of these parties must be forwarded to the department for final determination. These instructions do not apply to freedmen.

Declined to Surrender Him.

Nashville, Tenn., Aug. 9.—Gov. McMillin yesterday declined to surrender Will Littlefield for whom Gov. McMillin of Mississippi made requisition. Littlefield is wanted in Mississippi on a charge of murdering three deputy sheriffs and a negro woman while resisting arrest. He is also charged with robbery, burglary and attempt to murder at Memphis, and at the request of the Shelby county officials Gov. McMillin holds him to be tried in Tennessee.

Mrs. Mike Jones was killed near Gruball, Tex.

Gas Explosion.

Winamar, Ind., Aug. 9.—An explosion in the gas main that is being laid by the Economic Gas company of Chicago caused the death of Howard Houch of this place, and serious injury to several others. Wm. Stratton and Wm. Tunis were thrown high in the air. Tunis suffered a fractured collar bone and Stratton was uninjured, but in rescuing Tunis from the flames, thereby saving his life, for he was unable to move, he burned all the clothing from his body. The flesh was roasted the entire length of his back and he also inhaled the burning flames so that his life is despaired of.

Farmer Smith and his son, who live near the scene, were horribly burned. It has been announced that the Missouri Pacific Railroad company, after Oct. 1 will cease to mine its coal and will let the contract to the lowest bidder.

The battleship Texas and and cruiser Brooklyn have sailed for Bar Harbor.

Two Yellow Fever Cases.

Santiago de Cuba, Aug. 9.—The British steamer Sutherland, Capt. Percy Nibbs, from Philadelphia June 29 and Havana Aug. 6, has arrived with two cases of yellow fever. It is said that Capt. Nibbs is dying. The steamer will be disinfected and detained until all danger is past. No cases of fever were officially reported yesterday in the city, and none have developed among the American troops within the last ten days.

Mothers' Union Organized.

Gainesville, Tex., Aug. 8.—The ladies of the city have organized themselves into a Mothers' union. They hold their meetings regularly, and are taking active steps along moral and law and order lines. One of their number, in talking of their work, said: "A society of the women of the various churches of our city has been organized under the head of Mothers' union. Its object is for the mutual exchange of ideas to strengthen us in the proper rearing of our children, for our spiritual welfare and growth, for all sanitary and moral conditions of our town, and to see that all laws of our city are kept. Our organization is more than two months old, and we have spent these weeks in preparing ourselves for our work."

Our first work was to get our women to buy their Sunday ice on Saturday. There is no law against ice selling on Sunday, but we want our husbands and sons with us on that day, and 'doing unto others as we would be done by,' we pledged ourselves to this.

"Our next work was to learn that there was a Sunday law, and to request the officers to enforce it. We want our laws kept if they are worthy to be made by our legislators. We believe it is good, fair and just that every man have his rest day."

Mulster Murdered.

Laredo, Tex., Aug. 8.—Murdered in the chaparral and his body nearly devoured by coyotes was the fate of the Rev. Vincent J. Rubin, a Methodist minister of Monterey.

Sunday a Mexican herder reported to the authorities of New Laredo, Mex., that a dead body was lying in an arroyo some four miles south of that place. The authorities on investigation found the body of a man, evidently dead several days, badly decomposed, and the feet, hands and other portions devoured by wild beasts.

Identification would have been impossible except for a fragment of the shirt which remained on one arm, the cuff bearing the name of Vincent J. Rubin.

Mr. Rubin was 30 years old, a native of Cuba, but said to be the son of a New York millionaire. He has been engaged in church work in San Luis Potosi and Monterey, Mex., for several years, and at one time filled a pulpit in Laredo. It was here that he met and married a Miss Dunlap, of a prominent Atlanta, Ga., family, whose mission is to educate Mexican children in the Protestant faith. Mrs. Rubin is now with her people in Atlanta.

On Friday, July 29, Mr. Rubin left Monterey for Atlanta. He was seen in this city the next day, and was supposed to have proceeded on his journey until his body was discovered as above stated.

There is no clew so far to the identity of the murderer, but the authorities of New Laredo are at work on the case.

New Trial Refused.

Sherman, Tex., Aug. 8.—Last night in the criminal district court Judge Bliss overruled a motion for a new trial in the case of the state of Texas vs. Sidney Spears, colored, Spears was charged with the murder of his wife, Emma Speers, in this city on July 6 and given the death penalty by a jury. Notice of appeal was given in open court. The defendant took the decision pretty meekly and had no comments to make.

The treasury department made requisition upon the bureau of engraving and printing for the printing of \$10,000,000 gold certificates in denominations of \$20 each.

Died in a Barn.

Tyler, Tex., Aug. 8.—Robert Carroll, a 17-year-old youth, was found dead Sunday morning in the barn of Mr. Taft in North Tyler. He had just finished working out a fine on the county farm, and came home expecting to find his mother living in the house that Taft occupied, but she had recently removed to Dallas. Being sick and without money, he crawled into the barn. A few days ago while on the farm, he received an affectionate letter from his brother, who lives in Houston, telling him as soon as he was released from the farm to notify him and he would furnish him means with which to come to Houston. The young fellow was buried yesterday. Justices D. T. Galusie requested the remains, and from the testimony of a physician, his verdict was that the deceased died of a congestive chill.

A well attended meeting of the Anti-imperialist league was held at Roselle hall, Chicago.

Attacked by a Mule.

Waxahachie, Tex., Aug. 8.—Surgeons and medical men were called yesterday to visit Tom Edwards. Mr. Edwards lives at Ferria and while on the road here happened to a peculiar accident. One of his mules got its foot over the tongue of the wagon and while in this position Mr. Edwards got down to release it. While working around the mule the animal seized Mr. Edwards by the leg and came near eating all the meat off the bone.

Medical Men Organized.

Waco, Tex., Aug. 9.—The State Association of District Medical Examiners was organized here yesterday. Dr. William Pannill of Corsicana was elected president, Dr. C. E. Smith of Waco vice president and Dr. R. L. Kimmins of Fredell secretary and treasurer.

The purpose of the organization is to elevate the medical profession in point of scientific attainment, the promotion of public health and the protection of the public against professed medical practitioners who have not the proper authority to practice medicine. It was stated by some of the delegates that the number of men practicing medicine in Texas without a shadow of authority save that conferred by a bought diploma of some deceased doctor of another state, was alarming, and in the absence of a state board of medical examiners regular physicians felt under obligation to take steps to stop this practice. The only way to do this was to organize the district examiners, and this meeting was called for that purpose.

The time and place of the next meeting was left to the president.

Red Men Convene.

Galveston, Tex., Aug. 9.—The fifth great sun council of the Improved Order of Red Men convened yesterday morning. About 500 Red Men are in attendance, being a representation of seventy-five of the eighty tribes in the state.

The council fire was kindled at 9 a. m. and quenched at 4 yesterday afternoon. The work of the council was the reports of the great sachem, committee on by laws, and long talks by the chiefs. In the afternoon an excursion on the bay was enjoyed by the Red Men, Daughters of Pocahontas, squaws and paposes and some paleface guests.

The council will be in session three days.

Last night the Tonkaway degree team exemplified the work for the Red Men, and adopted some palefaces.

The following officers of the grand council are in attendance: J. L. Shanklin, G. C. Paris; R. H. Purdy, P. G. S., Dallas; Stephen Gould, P. G. S., San Antonio; U. S. Pawlett, S. S., Palestine; S. G. Howard, J. S., Laredo; J. J. Slawson, G. K. R., Bartlett; Frank E. Adams, G. K. of W., Houston; C. P. Stafford, G. S., San Antonio; J. D. Roekleman, G. M., Sherman; E. S. Heller, G. G. of K., Dallas; J. H. Mohr, G. C. of P., Paris.

Galveston's Health Officer.

Galveston, Tex., Aug. 9.—In the balloting for city officers in the city council some of the ballots have been cast as blank. Last night Dr. John T. Moore, backed by the opinion of attorneys, tendered his bond and offered to take the oath of office as city health physician. Dr. Moore claims that on one ballot he had a majority, not counting the blank ballots.

The general opinion has been that it requires a vote of a majority of the aldermen to elect. The matter was referred to the city attorney.

If Dr. Moore's proposition is supported by the law then practically all of the mayor's nominees, having received a majority of the written ballots have been elected, and it is understood that they will serve notices on the council similar to that served by Dr. Moore.

The Cincinnati board of legislation passed a resolution inviting President Diaz of Mexico to visit Cincinnati in the course of his tour through the United States.

Maid an Inquest.

Laredo, Tex., Aug. 9.—The authorities in New Laredo, Mexico, are holding an inquest over the remains of the Methodist minister, Vincent Rubin, whose dead body was found, and an investigation so far shows no evidence that deceased was murdered. The cause of his death is still a mystery. Mr. Rubin had many friends in Laredo, who are taking a deep interest in the matter.

Shot and Killed.

Smithville, Tex., Aug. 9.—Bulah Wilson, a mulatto woman, was shot and killed here Monday night. The evidence developed at the inquest was that deceased and her husband, Will Wilson, were both asleep in the same bed near a window when a pistol was fired through the screen window, the contents taking effect in the heart of the deceased, killing her instantly. A warrant was sworn out for a negro charging him with the deed. He has not been arrested.

Visited the Navy Yards.

Texarkana, Tex., Aug. 9.—District Clerk J. R. Wilson of New Boston Tex., passed through this city yesterday en route from Norfolk, Va., whither he had been on a pleasure jaunt. While absent Prof. Wilson also visited the other navy yards of the United States government. He brought with him a piece of lignum vitae wood from off the Reina Mercedes. The wood came originally from the island of Guam.

NO REMEDY EQUALS PERUNA, SO THE WOMEN ALL SAY.

Miss Susan Wymar, teacher in the Richmond school, Chicago, Ill., writes the following letter to Dr. Hartman regarding Peruna. She says: "Only those who have suffered as I have can know what a blessing it is to be able to

And relief in Peruna. This has been my experience. A friend in need is a friend indeed, and every bottle of Peruna I ever bought proved a good friend to me."—Susan Wymar.

Mrs. Margaretta Dauben, 1214 North Superior St., Racine City, Wis., writes: "I feel so well and good and happy now that pen cannot describe it. Peruna is everything to me. I have taken several bottles of Peruna for female complaint. I am in the change of life and it does me good." Peruna has no equal in all of the irregularities and emergencies peculiar to women caused by pelvic catarrh.

Address Dr. Hartman, Columbus, O., for a free book for women only.

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all catarrh of the bowels. Catarrh is the only correct name for these affections. Peruna is an absolute specific for these ailments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, dysentery, diarrhoea, or cholera morbus, and his only remedy was Peruna. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh. It cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily. I used them constantly for two years, the disease had a fiercer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely. The dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S.S.S. For the Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.
